

Date: 12/18/2025

Dear Pranathi Koppolu,

Kalven Technologies, Inc. is pleased to offer you an **unpaid training position** in support of your Optional Practical Training application. You are scheduled to work full time [40 Hours] per week, beginning from December 18th, 2025.

During the term of your training, your title, major duties, and responsibilities will include the following:

Job Title: Cloud & Network Engineer

Office Location: 1701 E. Woodfield, Suite #300 Schaumburg, IL -60173

- Assist in configuring, maintaining, and troubleshooting **cloud infrastructure, routers, switches, and firewalls**, leveraging AI-driven monitoring tools for predictive issue detection.
- Monitor **cloud and network performance** using AI analytics to ensure reliable connectivity and proactively identify bottlenecks.
- Support **hybrid cloud and LAN/WAN infrastructure**, escalating complex issues when required, with AI-based diagnostics to accelerate resolution.
- Help implement and manage **network measures** such as VPNs, firewalls, IDS/IPS, and cloud connectivity, integrating AI-powered threat detection and anomaly recognition.
- Monitor and analyze **network alerts, logs, and potential threats** across cloud platforms using machine learning models for real-time risk scoring.
- Participate in **vulnerability assessments, patch management, and access control**, applying AI-assisted tools to prioritize remediation and automate compliance checks.
- Document **cloud and network configurations, incidents, and updates** accurately, incorporating AI-generated summaries and automated reporting.
- Collaborate with senior engineers and stay updated on emerging **cloud, networking, and AI technologies**, ensuring continuous improvement and innovation.

Pranathi Koppolu will operate under the control of Kalven Technologies, Inc. All activities including managerial supervision, performance evaluation, as well as hiring and termination decisions are made by Kalven Technologies, Inc. Your immediate supervisor is Savitha Selvarajan who can be contacted at:

Email: savitha@kalventech.com

Phone: 847-364-0486

Kalven Technologies, Inc. is an IT & Software Consulting and Business Solutions provider specializing in cloud computing, enterprise product development, mobile applications, and enterprise cloud platform implementations.

In addition, it is our understanding that you will be authorized to accept this training under United States Citizenship and Immigration Services (USCIS) regulations governing Nonimmigrant Students (F-1) and Optional Practical Training (OPT) status. I certify that this position is not meant to be long-term employment for you, but a temporary **unpaid training opportunity** to be performed during your Optional Practical Training approved period.

If you have any queries regarding Pranathi Koppolu's training here at Kalven Technologies, Inc., please feel free to contact us.

Sincerely,

Savitha Selvarajan
Manager, Projects & Resources
